Sharing Intellectual Property

PURPOSE

Swan River Montessori Charter School (SRMCS) believes that it is best practice to have a policy in place with regard to the sharing of its intellectual property with outside parties. Outside parties may include, but are not limited to:

- for-profit and non-profit organizations
- educational and non-educational organizations
- third party vendors
- any individual(s) not directly associated with or employed by SRMCS

POLICY

SRMCS does not share intellectual property with any outside party unless mandated by local, state and/or federal law. Exceptions may be made to this policy only if the School Director *and* the SRMCS Board of Directors deem that special circumstances exist and that making the exception is in the best interest of the school.
