trash nothing!

The EE Committee would like to invite you to join a community upcycling app in support of our ongoing efforts towards environmental education. The Trash Nothing app can be used to post a gently used item that you would like to find a new home for. Items to consider may be kids clothing, outgrown outdoor gear, or sports equipment. Such items typically have a lot of use remaining and are expensive to buy new! On the app- All items are given away for free.

After downloading the app (available via the App Store or the download from the Trash Nothing website) you can get started!
<https://trashnothing.com/beta/>

Have items to give away?

1. Post a Title
2. Include Details-describe size, condition, color, etc.
3. Set Location-Swan River in Monticello

In need of items?

1. Search the app for items by keywords
2. Limit to the local area

This is a great way to keep it local and connect with a family who may be in need of an extra pair of snow pants, play clothes, inside shoes, or books, etc. Or you may find a family who would welcome your children's outgrown items and arrange to give them a bag of clothing they can take home, choose items they can make use of and then repost or send to Goodwill. You can message through the app to arrange an exchange outside of academic hours.
