5 – 8 pm

October 9th

Picture Day
Retake November 17th

Enclosed documents

Deer Lake Orchard Flyer
October Lunch Menu –
Due September 21st
Lego club registration
Spirit Wear Flyer
Willow, therapy dog

Dear Swan River Parents,

Our students are beginning to “normalize” in their new environments. This has been a wonderful process to witness. Montessori students learn how to take care of themselves and their environment. Our students help wash tables, organize shelves, prepare meals, and many other tasks. They are starting to understand the value of being part of their community. At home, I encourage you to create an environment that helps your child become more independent. For example, younger children can peel vegetables, fold their clothes and care for their pets. Older children can take out the recycling, help with home repair, and read to younger siblings. These are just a few examples of ways your children can learn to take care of themselves and their home environment. I encourage all of you to continue your child’s Montessori education at home.

Annette Vemuri
Director

Communication

If you have concerns with policies, procedures, payment, extended care, class placement or general comments/concerns please email Annette at director@swanrivermontessori.org

If you have questions about lunches, forms, student pick up and drop off, end of day change requests, absences and other related office tasks please email Kirsten at kirstenh@swanrivermontessori.org

If you have questions about enrollment only please contact Amy Jensen at amyj@swanrivermontessori.org

Thursday Folders

Every student will be bringing home a Thursday folder today. Swan River uses these folders to communicate important items such as upcoming events, registration for afterschool clubs, completed homework and many other items. These folders should be returned every Friday to your student’s homeroom teacher. This week please expect to see invoices for extended care/early childhood tuition and results of MCA tests from last spring.
